Global Bioethics Bibliography

Issues:
Global Bioethics

The following sources do not necessarily reflect the Center’s position or values. These sources, however, are excellent resources for familiarizing oneself with all sides of the relevant issues.

General and Regional Perspectives | Governance & Economics | Medical Tourism | Research Ethics | Women’s Health

General and Regional Perspectives

- Potter, Van Rensselaer. *Global Bioethics: Building on the Leopold Legacy*. East Lansing,

**Out of Print**

**Governance & Economics**

• ????.. Removing the Barriers to Global Health Equity. New York: Radcliffe, 2009.

Out of Print

Medical Tourism
